

Jesus on the Move Bible Study
February 19, 2023

Where have you seen Jesus on the move and out of the tomb this week?

Mark 5:1-20

25. Jesus is compassionate. He will face raging storms and angry demons to get to His friends. What does this mean?

I didn't count verse 18 as Jesus on the move because He didn't actually get in the boat in this verse. If 4 members are talking about starting daily devotions and 3 of them decide they are going to start having daily devotions – how many are having daily devotions?

Mark 5:21-34

26. Verse 21 – again crossed over... Wonder what the disciples were thinking.

27. Verse 24 – so what happens when we ask Jesus to go with us?

What a powerful section of Scripture!

Mark 5:35-43

28. Verse 38 – they came to the home.

29. Verse 39 – Jesus went in the home.

30. Verse 40 – He went in where the child was.

Those 3 verses are why I wanted to study Jesus on the move in this Book. What did Jesus do when He saw commotion and ridicule and an impossible situation? What does He still do when He sees commotion and ridicule and impossible situations (even rejection) in our lives?

Mark 6:1-6

31. Where to now?

32. And on to the synagogue. Is Jesus a glutton for punishment or what?
